

Bathgate Gift Wrap Fundraiser

September 25th through October 9th

50% of the proceeds will be used to pay for field trips, school supplies, art programs, librarian, and much, much more. Co-chairs are Jacque Willardson (dkwillardson@yahoo.com) and Julie Werner (jawerner1@cox.net). Be sure to complete your order online at www.innisbrook.com. Click EZ and follow the steps. Our school number is **111496**.

Gift Wrap Specialists (aka "Wrap Artists")

To be a true gift wrap specialist, it takes investment in creative talent and printing expertise. Innisbrook has been committed to both for over 26 years. Each gift wrap design is created and printed in Greensboro, North Carolina where we can oversee every detail of the process. The result is spectacular gift wrap that will never disappoint you.

It all starts with our Art Department's vision. Through active involvement in Color Marketing Group, the premier international association for color design professionals, they participate in implementing color and design trends for home furnishings, fashion and all consumer product markets. They then work with artists throughout the world to create gift wrap with timely themes and trend-forward colors.

Knowledge of a variety of inks and types of papers is used to complement the artwork. Innisbrook uses environmentally friendly matte and metallic inks as well as ultra gloss finishes to make designs "pop." Papers include metallized, kraft, holographic and brilliant white recycled paper. All designs printed on recycled paper have a handy cutting grid printed on back.

Innisbrook is nationally renowned for the best gift wrap in the fundraising industry. We are dedicated to being true professionals in our craft and will continue to explore innovative techniques and materials that will enhance our gift wrap collections.
