

COINS FOR QUAKE SUPPLIES!

March 29th-April 2nd

Did you know that if there is an emergency our classes only have 12 servings of water and 4 food bars?

The City of Mission Viejo wants everyone to be prepared at home and at school with enough water and food for at least 72 hours.

Time is of the essence as we see what happened with the Haiti and Chile earthquakes and the tornado warning lockdown in January.

We are collecting coins so important emergency supplies can be purchased. Collection containers will be in each classroom and the school office.

***The classroom that collects the most money
(by weight) receives a surprise!***

We are also seeking donations of the following items:

**Metal Storage Container
Shelving for Storage
Container
N-95 Face Masks**

**Exam Gloves (Vinyl, Nitrile or Latex)
Easy Up Canopy Tents (used or
new)
Heavy Duty Tarps**

As a community, we need to ensure that our children will be adequately cared for in the event of a disaster.

**If you have any questions,
please email Dana Leahy at leahy1@cox.net or call **949-584-0471**.**
